Dear Dr. Burzynski:

Your studies on antineoplastons, which appeared in the December 15 (1986) issue of Drug Licensing Opportunities (IMS) and elsewhere, have come to our interest. We would very much appreciate further information on the compounds for our review.

If you request exchange of a confidentiality agreement prior to the transaction, we will be pleased to follow.

To provide you with some insight into Chugai Pharmaceutical Co., we enclose our annual report 1985. You will find that one of our leading product is an immunological antitumor agent.

Finally, we will be happy if you could give us a rough idea about your place, since we could not locate it on the map.

With warmest regards,
