Dear Doctor Burzynski:

The Texas State Board of Medical Examiners has received complaints and conducted an investigation concerning your use of urine in treatment of cancer and is concerned that violations of the law may have occurred.

The Texas State Board of Medical Examiners will receive evidence and testimony regarding the above at its offices at 1101 Camino La Costa, Suite 201, Austin, Texas, at 9:00 A.M., Monday, August 11, 1986. You may be present to present any information you may have to rebut these charges if you desire. A member of this Board will be present and will participate in any decision which might affect your medical license.

A formal complaint has not been filed at this time and your meeting with the Board representatives will, therefore, not constitute a formal hearing. However, you may be represented by counsel if you wish.

An immediate reply from you is requested to confirm the above date and time for this appearance.

Sincerely,

Bill Campbell
